WORKSHOPS FOR PARENTS, CAREGIVERS  
AND EDUCATORS.

# Get Autism Aware

*Dr. Susan Crawford*

Dr Susan Crawford's interest in the area of Autism was inspired by her own son, Tomás, being diagnosed with autism in 1998. She completed her PhD in the field of Fundamental Movement Skills and Autism in 2007. During this time Dr. Crawford went on to setup the first autism unit attached to a mainstream school in Co. Clare, Ireland.
